Hi Mr. Grisham:

This is to confirm our telephone conversation today and previous voice messages concerning

your Freedom of Information Act request 06-FOI-00121-12. In a voice message on December 23, 2011, I notified you that the U.S. Environmental Protection Agency Region 6 Superfund Division is requesting an extension of time to February 24, 2012, to reply to your request due to the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records involved in your request (40 CFR 2.112(e)(2)).

Today, I received a reply voice message from you stating that you will agree to the new target date of February 24, 2012; however, you expressed your concern regarding the interpretation of your request as you received a Letter of Acknowledgment from the Region 6 FOIA Officer and requested that you be contacted to discuss your request.

In our telephone conversation today, I confirmed your agreement to the new target date of February 24, 2012; also, I confirmed that you are interested in receiving the following information: 1) all correspondence (including emails) between a) McKesson employees Jean Mescher or Carole Ungvarsky (or their contractors, agents and representatives) and b) EPA RPM Shawn Ghose (and vice versa); and 2) all correspondence (including emails) between a) any McKesson employee, contractor, agent or representative and b) any EPA employee (and vice versa) where that correspondence pertains to the groundwater remediation at the Arkwood Superfund site. In addition, I informed you that while you have initially provided a \$25 fee commitment, you may be contacted at a later date for additional fees, if necessary. If you would please reply to this email confirming your agreement for our files, it would be greatly appreciated. Thank you so much!!!
